Objective:

Obtain a position in the field of creative media that utilizes my skills and allows for exploration in the design process.

I have been involved with the design and production of a multitude of corporate and promotional web sites and media projects, and continue to gain skills in all aspects of the medium. Skills include hand-coded HTML, DHTML, JSP, Javascript, SSI, as well as front-end production of graphical content and motion graphics. Familiar with cross-platform and cross-browser compatibility issues.

Interests:

- On-time quality solutions of client needs.
- The merging of design and technology.
- Design as the tangible conception of ideas.
- Emerging technology and its immediate uses.
- Successful communication through professional and progressive thinking.

Highly skilled in graphic, design, and production software/tools:

Adobe(Photoshop, Illustrator, ImageReady)
Macromedia(Dreamweaver, Flash, Freehand, Director)
BBEdit(Mac), TextEdit(PC)
Mac and Windows O.S.
UNIX(file management, permissions, file editing)
